When paid strictly in advances. If we have to
wait any time, \$2.50 will be charged.

GARRARD COUNTY DEPARTMENT.

Lancaster.

—Mike Ray was arrested last week for selling whisky on Sunday. The trial was set for Saturday, but sickness of Mr. Ray caused a continuance.

—Lewis Wallace, age 60, died suddenly at his home on Sugar Creek Thursday. He was strong and hearty. On county court day he was upon our streets attending to business.

—W. S. Miller has erected an iron lamp post at the corner of public square and Richmond street and uses gasoline for lighting purposes. It gives as good light as gas and is much cheaper. The Trustees would perform a good service by lighting up our streets in the same manner.

—The Christian Aid Society held a "pound party" at the Mason House Friday evening, which was largely attended. The society recently placed a beautiful colored glass window in their church, and it is now considered one of the most convenient, as well as one of the most handsome houses of worship in our town.

—Mr. Chas. Spilman had—, arrested for stealing two bound pups from him. The case was tried before Esquires Robinson and Dunn. He was sent to jail to await trial, upon failure to give \$150 bond. The sheep raisers think it had policy to go beyond the county limits to arrest anyone for dog stealing. This man had taken the pups to Woodford county, where he was arrested, and there was no possible danger of their raising the alarm in this county. It would be a good idea to give a premium to every man that removes a dog.

—Miss Eliza Burnside, of Stanford, is visiting relatives in town. Prof. Marion, of Harrodsburg, is coming up to town to whom he will give social lessons. Miss Louella Bright, of S. C., is visiting at J. C. Thompson's. George Johnson returned Friday from the South, where he spent the past winter. Alises Rhoda Hall and Maggie Newland have been visiting Mrs. Tom Palmer and attending the protracted meeting which closed last night Ferguson, Burnside & Co., returned from Williamsburg Friday. Sport is not so fine there as it was two weeks ago. The boys had bad luck. Mrs. T. A. Elkin received severe injuries Saturday afternoon from having the heel of her shoe catch on the step as she alighted from a buggy.

The rabbit is probably the most productive of the whole rodent genus; a single pair may be answerable for a population of half a million within five years. Originally natives of Spain, the rabbits once multiplied in that country, as well as in some of the islands of the Mediterranean in such an alarming manner that the people appealed for military aid to assist in their destruction.

And it was not until numbers of rats and weasels were introduced that the rabbit population began to diminish. The quadrupeds of Australia are chiefly of the "marsupial" order, and from the kangaroo down to the wombats and kangaroo rat (both burrowers) nearly all the tribe are herbivorous. The dingo, or native dog, is destructive only to sheep, while the wild cat, though pretty common in some parts, is not generally prevalent. When, therefore, the rabbit was first landed in Australia the land was all before him where to choose. In the official Sydney market rate for January, 1873, the price of rabbits was quoted from 24 to 61 to 1 each, retail. Five or six years later they were looked upon as aggressive and destructive vermin and had so rapidly overrun large tracts of land as to become quite a scourge to the squatters. To day every plough of the Australian rabbit plague is not only regarded as of vital interest by the colonists, but is a subject of curiosity and discussion throughout the civilized world.

A glass-making firm in Pittsburgh, Pa., has been manufacturing glass textile fabrics during the past twelve or eighteen months. A rod of glass, several feet long and half an inch in diameter and heated to the proper degree, is attached at one end to a large, rapidly revolving wooden drum and thereby drawn out to a fine thread. This process is repeated till enough glass has been spun, when it is wound on bobbins and woven like cotton, flax or silk. The fabrics thus produced are very beautiful and pliable. The glass they are made of is made very soft by the addition of lead.

He was a young lawyer and was delivering his maiden speech. Like most young lawyers, he was florid, rhetorical, scattering and windy. For four weary hours he talked at the court and jury, until everybody felt like lynching him. When he got through, his opponent, a grizzled old professional, arose, looked sweetly at the judge and said:

"Your Honor, I will follow the example of my young friend who has just finished and submit the case without argument."

Then he sat down and the silence was large and appreciative.—[Opinion.

DANVILLE, BOYLE COUNTY.

—Seven new suits have been filed in the Circuit Court clerk's office since Circuit Court adjourned in March.

—Mary, the little daughter of Thos. E. Hell, who has been suffering from pneumonia, following an attack of measles, is better this (Monday) morning.

—A fine colt by H. C. Mock's horse Renza, was much admired on the street Monday morning. He was about a month old, a clear bay and the property of W. H. Robinson, of Mercer.

—There have been seventeen additions thus far to the First Presbyterian church, the result of the preaching of State evangelist Rev. E. O. Gurrant, who has been holding a meeting since Sunday week.

—Communion services were held in Trinity (Episcopal) church on Sunday, the day being the third Sunday after Lent. The rector, Rev. G. C. Sutton, preaches here at Harrodsburg on alternate Sunday. His home is at the latter place.

—Badly needed at Paint Lick—a few more business and dwelling houses. There have been several persons here prospecting for business locations, but could not get houses to live in. If some enterprising man would buy the lot upon which the old tannery used to be and erect some good buildings upon it, it would pay him good interest on his money, besides adding very much to the appearance of our town.

—"Well, son, did you get any cases to-day?" asked a father of a son who had been admitted to the bar about six months before. "No, father; none yet. I am very much discouraged."

—"Perhaps you don't use the proper method to get cases. You should never appear upon the streets without carrying in your hand a sheet of cap paper folded up so to look like a legal document; rush about as if you were loaded down with business. When in your office and any one comes in, be busy writing out a deed or something, and when in court never fail to cock your feet upon the table, brush your hair and look wiser than the judge if you can. That is the way those fellows who succeed in law so well all do."

—Sarah Faulkner, wife of Louis Faulkner, has purchased the old Dennis Dourau property on Main and Second streets, from the estate of her mother, Diademia Dourau, for \$1,500. Workmen are engaged in modernizing and altering the building. There is to be a store room fronting on Main st.

—Henry Fry, whose peculiarly musical laugh has made him a widely known individual, was tried before Judge Lee Monday morning for using violent and abusive language toward another with an intention to provoke an assault. He was fined three dollars and required to pay the costs of the prosecution. Dabley Conover was the prosecuting witness.

—Hon. Wm. Berkele, Representative from Garrard county passed through town Monday morning on his way to Frankfort. Rev. E. B. Hill and his bride, formerly Miss Parker, of Simeret, who have been visiting friends in Eastern Kentucky, returned on Saturday. Mr. Hill preached at the Broadway M. E. Church, of which he is pastor Sunday morning. Mr. J. W. Yerkes is in Paris visiting his brother, Prof. W. L. Yerkes, of that city. Mr. S. W. Morris and wife, Mr. R. A. Grimes, Jr., and Miss Rosa Lewis were at Gilgeber's Sunday. Mr. Frank Harris, the cattle dealer, went to Lebanon Monday morning. He expects to make purchases in that vicinity and at New Hope.

—Mr. Peter McMullen arrived from Whitley, Tennessee, Friday night and registered at the Clemens House. Mr. McMullen was what is known as drunk when he disembarked from the passenger coach which brought him to our classic shades from the sunny South. Mr. McMullen remained in the condition referred to until Saturday morning, when he fell against one of the fine plate glass windows in the office of the hotel and broke it. The glass cost \$125, but Mac didn't have that amount of cash with him, he only had about \$6. The hotel did not get any charge for the broken glass, but the police court charged Mac \$6 for being drunk.

This hurt our hero's feelings so acutely that he thought there was no use in getting sober right away, so he remained drunk and so even to this day.

There was to be a butting match in Colorado between a robust Swede and a negro. They were to start ten feet back from a scratch with their heads lowered, and rush at each other like bulls, the collision to be repeated until one was disabled. At the last moment somebody whispered to the Swede what he had never heard before—that the African skull is generally deemed invulnerable under

the skin of the champion; it is the harbinger of a victory that is to emancipate us from commercial slavery.

Kentucky is proud to stand where she has

ever stood in this light, at the head of the column and in the thick of the battle.—[Courier-Journal.]

Two ladies moving in the highest circles of Washington society, during a friendly meeting on the streets, got to quarreling

about their age, and using strong language

toward each other. At last, as if to end

the dispute, one of them turned away, and said in a very conciliatory tone of voice: "Let us not quarrel over the matter any more. I, at least, have not the heart to do it. I never knew who my mother was; she deserted me when a baby, and who knows but that you may have been the heartless parent?"

James Paxton, who two years ago stole \$2,000 from the Southern Express Company, has returned to Chattanooga and given himself up.

Papillon Skin Cure is a specific cure for all skin diseases—Sal. Rheum, Erysipelas, Rash, Inflammation, Insect Bites, Inordinate Itching, Ulcers, Cuts, Wounds, Burns or Scalds, and all Scrofulous Eruptions. For sale by McRoberts & Stagg.

Papillon Cough Cure does not contain any drugs or chemicals; it is purely vegetable. It cures Whooping Cough, Bronchial Cough, or Tickling in the Throat, and Winter Cough so prevalent in old people. For sale by McRoberts & Stagg.

Table microscopes are coming into use. They are very convenient in families con-

suming a good deal of pie. By carefully

comparing the crusts a practiced eye, with the

aid of the microscope, can easily detect the

presence of any fruit that may have hap-

pened to get in between them.

Smart Weed and Belladonna combined with the other ingredients used in the best

porous plasters make Carter's S. W. & B.

Backache Plasters the best in the market.

Price 25 cent.

PAINT LICK, GARRARD COUNTY.

—The corn planting season is about over in this vicinity.

—Mrs. Sallie Ward, of Crab Orchard is visiting the family of her brother, Mr. Will Ward. Mr. and Mrs. Frank Lutes have returned home from a visit to Crab Orchard and Mrs. Scott Farris has gone to Covington to see her husband.

—If you want to trade horses call on Will Ward, corner of Main and Depot street. He will swap for anything that has a main and tail. He swapped three times the other day in less than two hours and it was not a good day for horse trading either.

—A war has opened up here in the carriage painting business. Mr. George Sebastian has opened a shop in opposition to Mr. E. B. Ely and they have commenced to cut at each other. The usual price for painting a buggy used to be from \$10 to \$15, but Mr. Ely says rather than he outdoes he will do the work for \$5.

—A war has opened up here in the carriage painting business. Mr. George Sebastian has opened a shop in opposition to Mr. E. B. Ely and they have commenced to cut at each other. The usual price for painting a buggy used to be from \$10 to \$15, but Mr. Ely says rather than he outdoes he will do the work for \$5.

—Henry Fry, whose peculiarly musical laugh has made him a widely known individual, was tried before Judge Lee Monday morning for using violent and abusive language toward another with an intention to provoke an assault. He was fined three dollars and required to pay the costs of the prosecution. Dabley Conover was the prosecuting witness.

—Hon. Wm. Berkele, Representative from Garrard county passed through town Monday morning on his way to Frankfort. Rev. E. B. Hill and his bride, formerly Miss Parker, of Simeret, who have been visiting friends in Eastern Kentucky, returned on Saturday. Mr. Hill preached at the Broadway M. E. Church, of which he is pastor Sunday morning. Mr. J. W. Yerkes is in Paris visiting his brother, Prof. W. L. Yerkes, of that city. Mr. S. W. Morris and wife, Mr. R. A. Grimes, Jr., and Miss Rosa Lewis were at Gilgeber's Sunday. Mr. Frank Harris, the cattle dealer, went to Lebanon Monday morning. He expects to make purchases in that vicinity and at New Hope.

—Mr. Peter McMullen arrived from Whitley, Tennessee, Friday night and registered at the Clemens House. Mr. McMullen was what is known as drunk when he disembarked from the passenger coach which brought him to our classic shades from the sunny South. Mr. McMullen remained in the condition referred to until Saturday morning, when he fell against one of the fine plate glass windows in the office of the hotel and broke it.

—The report is now current that Gov. Knott has decided his intention to Blackburne the penitentiary if this Legislature does not adopt some measures of relief. The State prison is certainly a crying shame to our Commonwealth, but that fact is no reason why Gov. Knott should turn loose the official therein upon society. The responsibility is not upon his shoulders. If the Legislature fails to do its duty, let that body fail theodium. Bad as it would be if any one should come in and find you had a gentleman in your room—

—Please don't mention it." He backed

gently to the window, bowed himself out, and slid down a ladder into the outer darkness. The whole affair was accomplished so quietly and decorously that he forgot to scream.

In the old days no woman was allowed to decorate the monastery of San Augustin, Mexico, by so much as putting her foot within its walls. A noble lady of Spain, wife of the reigning Viceroy, was bent on visiting it. Nothing could stop her, and in she came. But she found only empty cloisters, for each virtuous monk locked himself securely in his cell, and afterward every stone in the floor which her sacrilegious feet had touched was carefully replaced by new ones, fresh from the mountain top, before the pollution of her presence was considered removed. Bit times are really changed, and the house has been turned into a sumptuous hostelry.

One of our young men went into a cigar store the other day for a few of his favorite brand, and as a German Countess handed him his "Henry Clay" over the counter he observed:

"Henry Clay is dead."

"Ih dot se!" replied the tender-hearted girl, "I so sorry, for he did make good cigars." [D'El City Derrick.]

Bourbon county has, in the last fifty years, invested over \$200,000 in turnpikes and bridges and now has 48 inns and roads aggregating 225 miles in length. During that time the county has received back in dividends over \$30,000. This dividend is but a small part of the return the roads have made for the outlay by the county.

Buckler's Arnica Salve.

The best Salve in the world. For Cuts, Bruises, Sores, Ulcers, Sal. Rheum, Erysipelas, Rash, Inflammation, Insect Bites, Inordinate Itching, Ulcers, Cuts, Wounds, Burns or Scalds, and all Skin Eruptions and positively cures Ulcers, or pay nothing.

It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box.

For sale by Penny & McAlister.

Very Remarkable Discovery.

Mrs. Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost helpless for five years, so helpless that she could not turn over bed alone. She used two bottles of Electric Bitter and is so much improved that she is now able to do her own work." Electric Bitter will do all that is claimed for them. Hundreds of testimonies attest their great curative powers. Only fifty cents a bottle at Penny & McAlister's.

An Editor's Tribute.

Theron P. Foster, editor of the Fort Wayne Indiana Gazette, writes: "For the past five years have always used Dr. King's New Discovery, for coughs of the most severe character, as well as for those of a milder degree. It never fails to effect a speedy cure. My friends to whom I have recommended it speak of it in the same high terms. Having been cured by it of every cough that I have had for five years, I consider it the only reliable and sure cure for Coughs, Colds, etc." Call at Penny & McAlister's Drug store and get a Free Trial Bottle. Large size \$1.

Where Don't is Very Good Advice.

Don't take a hornets' nest to see if any of the family are at home.

Don't try to take the right of way from an express train at a railroad crossing.

Don't go near a draft. If a draft comes near you, run away. A night draft is the most dangerous.

Don't blow in the gun, your grandfather carried in the war of 1812. It is more dangerous now than it was then.

Don't hold a wasp by the other end while you thaw it out in front of the stove to see if it is alive. It is generally alive.

Don't try to persuade a bulldog to give up a yard of which he is possession. Possession to the bulldog is ten points of the law.

Don't call a very large, strong, sinewy man a prevaricator. If you are sure he is a prevaricator hire another man to break the news to him.

Don't allow the baby to drink the concentrated eye. Concentrated eye is dangerous, even in small doses, except to a man who is accustomed to drinking Baltimore whisky.—[Middletown (Del.) Transcript.]

NEW and full stock of Fishing Tackle of every variety just received at McRoberts & Stagg's.

HANS HOZ is Remedy used by the best breeders throughout the country. A sure cure and preventive. Penny & McAlister Agents.

PERSONAL

JOY JAMES G. GIVENS, of the Louisville Bar, was here yesterday.

Mrs. ANNIE BUCHANAN, of Crab Orchard, is the guest of Miss Panthea McKinney.

Mrs. JOE SMITH, of the L. & N., is a guest of Mrs. Sallie Cook, of Stanford Junction.

Mrs. L. B. NUNNELLEY and Miss Matilda Nunnelley were visiting in town last week.

Mrs. KATE GRIMES returned Friday from a six month's visit to friends in Kansas City, Mo.

Mrs. LEANNA JAMES returned from Georgetown Sunday and is now the guest of Mrs. Judge Burch.

COL. W. G. WELCH was named in a complimentary intimation for State delegate at the Muhlenberg democratic.

Mrs. L. A. BOYD, Supt. of Trains on the K. C. was here Saturday arranging for another telegraph line to the Junction.

Mrs. F. M. ASHLEY, Road Master of the Knoxville Branch, has moved his family to the house lately occupied by Dr. Steele Bailey.

MR. J. B. HALLER, Superintendent of Scales of the Chesapeake & Ohio, was here last week, looking like the same old Joe we knew 12 years ago.

MR. MARK HUFFMAN has returned from Peabody, Kansas, where he went to see his father, Dr. A. G. Huffman, who he reports is convalescing very fast.

MR. J. H. SAMUEL, of Danville, who is here soliciting for a medical work, is putting in his nights teaching the young men how to dance. He has a class of 20 odd.

MR. L. G. FORTAS, representative of the celebrated Railroad and Slave, which we know by experience is one of the best brands made, was in town Saturday taking orders for the fall trade.

MR. R. W. HODGMAN, of the Sexton National Bank of St. Joe, Mo., is on a visit to his old friends who are glad to look upon his like again. Judging from his appearance, the West evidently agrees with him.

MR. C. L. BROWN, General Freight Agent of the K. C. was here yesterday in the interest of his road. He made many friends and secured the patronage of a number of log stock shippers, who trade in Cincinnati.

WE are pleased to learn that Judge Tom Hill is to enter the journalistic ranks. He is bright and capable, and his friends will wish him great success. The Frankfort Journal says: "We are informed that Hon. T. P. Hill, Jr., of Lincoln will be associate editor of the Louisville Times. This being true, he is in great danger, since Emmett Lyon has a bad habit of rolling rocks down every hill he comes to."

LOCAL MATTERS.

STRAW Hats at Robert S. Lytle's.

Big line carriages and buggies at Bright & Curran's.

BRAND new lot of frames at G. W. Shaffer's gallery.

All kinds of lumber in the rough at my yards, E. K. Warren.

New lot of Cracknels, Lemon Wafers, Tea Cakes, &c., at T. B. Walton's.

WATER coolers, refrigerators and ice cream freezers, at W. H. Higgins'.

CALL and get my prices on canned fruits and vegetables. You will save money by so doing. S. S. Myers.

THE green and red paint just applied to the Farris & Ramsey block, makes it just too pretty for anything.

COUNTY COURT.—Judge Brown and Clerk Blain had an easy time of it yesterday, so far as the record shows. T. L. Shelton was licensed to keep a tavern at Stanford Junction.

THE Senate has at last passed the House bill to incorporate the Lincoln County Building Association and unless the Governor vetoes it, as he is not likely to do, the concern will soon be in working order.

The Lexington Races begin to-morrow. By the K. C. you can go over, have plenty of time to see all the sport and get back here by early bed-time. The round-trip fare from here is \$2.40. No other route offers the advantages that this does.

SUMMER Silks at 65 cents per yard at Robert S. Lytle's.

An ice cream saloon just door to Warren & McElroy's will open Thursday.

One hundred thousand pounds of wool wanted, A. T. Nunnelley, Stanford.

Big spring lot of Ziegler Bros', shoes for both sexes just received at S. H. Shanks'.

COME and see the handsome line of dinner sets. Something new. Bright & Curran.

LITTLE PERSONALS.—Mr. Geo. R. Eggleman has a ten-pound girl at his house and our worthy correspondent at Crab Orchard, Mr. R. H. Bronsah, has had another feminine responsibility added to his household. He is following one biblical injunction, if no other.

INFORMATION WANTED.—C. Donovan, of Whatso, Washington Territory, writes to J. T. Chadwick, postmaster at Crab Orchard, asking for information as to the residence of relatives of one Wm. Yates, who left Kentucky some time in 1848 or '49 for the California gold mines. Those knowing anything concerning them will please communicate with this office.

THE election of officers for the Hanging Fork & Green River Turnpike Co., resulted in the retention of Mr. James Walker Givens, as President. This is the most prosperous road in the county, having declared the unusual dividend of 6 per cent, on its capital stock. Dr. Clifton Fowler was re-elected President of the Turnerville, McKinney and Coffey's Mill Turnpike.

THE oldest man in the county died at Mr. H. S. Withers' Friday. He was the old family servant and was the property of three generations. In 1792, when he was five years old, Mr. Withers' grandfather gave him to his son James Withers, who in turn willed him to his late owner. The man's name was Sam Withers and he was born in Hampshire Co., Va., in 1787. For years he has been an invalid, but has been taken good care of by Mr. Withers, who had his remains laid away in a very handsome cofin.

WE had a pleasant call yesterday from Mr. F. M. Ware, of the new firm of F. M. W. & Co., of McKinney. Mr. W. has been in business in that place and by energy, push and honorable dealing has succeeded in building up a flourishing trade. Since the formation of the present association the business has been largely extended and the facilities afforded give promise of increasing popularity. We take pleasure in calling attention to their advertisement in another column, and hope a discriminating public will give them a speedy trial and encouraging patronage.

THE traction engine exhibited by Mr. J. H. Hucker, yesterday, created as much of a sensation as a circus procession would, as it rolled along the streets drawing a lengthy train dead loaded with small boys and negroes. The machine is of the Geiser Manufacturing Co., of Womelsdorf, Pa., and is the most complete of the kind ever made. It is easily steered and works almost as well as a team of mules. Messrs. Hucker & Anderson are agents in Kentucky and Tennessee and Mr. W. B. Williams for this country. They dropped off yesterday with their engine for St. Louis. Next Wednesday the 13th, they will give an exhibition of their threshing on the farm of Mr. Thomas Adams, in Garrard, where they hope the public will be on hand to see what they can do. See advertisement in another column.

AN audience that filled the Court-House greeted Gov. McCreary here yesterday and for an hour and a half he gave them the purest of democratic doctrine. He first touched upon the reckless extravagance of the party in power in the expenditure of public money and the squandering of public lands. Until it came into power but thirty millions of acres had been disposed of and that for educational purposes, since then 180,000 acres have been granted to railroads, an area which would make about 11 States as large as Kentucky. When the affairs of the country were honestly managed by democrats 40,000 men were sufficient to fill the office, the republicans have increased the number to over 100,000 and are daily striving to make more. The salaries of these men are such that they can stand an assessment of 15 to 20 per cent to raise a corruption fund to perpetuate them in power and this is their principal reliance for success. Full of corruption, relying on fraud and thievery, it was high time the republicans were ousted from authority and he felt that the long hoped for consummation was near at hand. On the subject of the tariff he was particularly earnest. It is the great question of the present contest and he was glad that the issue was made. He favored the Morrison bill and all other measures that would bring the tariff to a revenue standard. He opposed the bill for Federal aid to schools. It was another step towards centralizing power at Washington, besides the states were fully able to take care of themselves on that point. He had always favored liberal school laws and wanted every child, white and black, to be given an education, but the states must regulate their systems. He declared in favor of pensioning the Mexican soldiers, whose services had added so much territory to our country. The agricultural interests were not sufficiently cared for and for its promotion he would favor an additional cabinet office to be known as the Secretary of Agriculture. In conclusion he presented his claims to the office he sought and referred to his record as Legislator and Governor as earnest of how diligently he sought to serve the people when they honored him with their suffrages. His speech was well received and often and loudly applauded.

LUNATIC.—Mrs. Mary Jane Leach was adjudged a harmless lunatic Friday and a committee appointed to care for her.

S. H. SHANKS has received his stock of spring and summer goods and his store is chock full of them. Call and examine.

THE Green River Lumber Company commenced yesterday to change the gauge of their road, which runs from King Mountain to Yosemite, in Custer, to that of the C. S. R. R.

THE sewing society of the Hintonville Christian church will sell at public auction next Saturday for the benefit of the church a silk embroidered crazy quilt, said to be very beautiful.

A SEVERE wind and rain storm scared up our citizens early Friday morning and did some damage to fence, trees and chimneys. One of the latter on the Court-House was swept off and a tree in the yard uprooted.

MR. J. OTTENHEIMER arrived Saturday, with another big lot of sturdy German, who are to locate in this county. We understand that a brewery is soon to be put up in the county, probably at Crab Orchard.

GEORGE W. GENTRY, the brightest and most deserving of the republican aspirants in these parts, was made one of the electors for the State at large by the Convention and R. L. Ewell, of "little red pig" fame, the other Wm. H. Billard, of Shelly, is to be district elector.

IT is a fact worthy of remark that the name of no delegate from this county to the republican convention was mentioned in that body but that of Geo. W. Gentry. So far as we can discover none of them was on any of the committees or honored in any way. That's what we call pretty slab by treatment.

DEATHS.

—The mother of Mr. G. C. Duncan died in Wayne county last week.

—Bishop Toebe, of the Roman Catholic Diocese of Covington, Ky., died in that city Friday.

—Mr. John Cowan, aged 61, died at his brother's, Mr. Sam Cowan's, yesterday, of consumption.

—Mr. Calvin Graybeal, of Lincoln county, died at his father's in this county of dropsy last Saturday, after a lingering illness of several months' duration. —[London Echo.] Mr. Graybeal lived in this county and was a highly respected, sober and industrious man. He leaves a wife and several children to feel his loss.

RELIGIOUS.

—The entire contributions for the Presbyterian churches North and South were \$10,500,000 last year.

—Rev. H. C. Morrison has closed his Highland meeting. There were 5 confessions and 4 additions to the church.

—Rev. P. T. Hale has on several occasions recently put us under obligations for favors, for which we are very grateful.

—Rev. J. A. Broadbent, of the Baptist Theological Seminary, at Louisville, will sever his connection with that institution and take charge of a church in Brooklyn, to which he has received a flattering call.

—Rev. H. C. Morrison will preach at the Baptist church next Sunday morning at 11 o'clock as Rev. John M. Bruce has gone to Baltimore to attend the Southern Baptist Convention, which convenes in that city tomorrow.

—Mr. S. F. B. Morse, the fat and jolly Passenger Agent of the K. C. was here yesterday. He tells us that a new schedule will go into effect next Sunday, but the change will be slight at this point. The morning train will leave at present 9:15, and return at 9:45, instead of 9:45.

—The ladies of the Baptist church have organized a Woman's Missionary Society, with Mrs. John M. Purdy, President. Mrs. Matilda Nevins, Vice President; Mrs. Rhoda Hsitt, Treasurer, and Mrs. H. H. Chester, Secretary. They will hold their next meeting on Sunday afternoon at 3 o'clock and all the ladies are specially invited to be present on that occasion.

LAND, STOCK AND CROP.

—Five thoroughbred yearling bulls for sale. J. E. Bruce, Stanford, Ky.

—Robt. Innes, of Fayette, has sold his fine farm of 331 acres to George H. Whitney for \$100 per acre.

—Dr. Steele Bailey bought a fine Jersey bull 20 months old at H. S. Fribble, of Harrison county, for \$200.

—D. W. Dunn, Bryantville, Ky., has refused \$200 for a filly colt by W. G. Dunn's Abdallah Messenger.

—J. D. Bastin sold to J. E. Baer 47 acres of land near his farm in the Halls Gap neighborhood at \$15 per acre.

—The annual sale of the Tennessee Jersey Breeders' Association at Belle Mead was the largest ever held in the South. Butter strains were represented. The total amount of the sales, \$18,575, an average was for 53 females of \$382 and an average for 5 bulls of \$429, which are considered very satisfactory.

—Yesterday was an unusually dull day. Although the crowd was fair, nothing hardly was done in the cattle business. Auctioneer H. T. Bush says there were 150 on the market, with but few public or private sales. Those that were disposed of brought 5 to 54 cents. No market for common cattle. Two hundred fair grade ewes and wethers brought \$381 with 61 lambs thrown in. One brown gelding sold for \$123.

—Congressman S. B. Cox is in favor of throwing open the markets of the world to American industries, and he also favors free ships and free material.

—The Chicago Times figures the complexion of the delegates as follows: Blaine, 329; Arthur, 295; Edmonds, 73; Logan, 51; John Sherman, 23; Hawley, 12; doubtful, 37.

—Fitzgerald won the six days go as you please match at New York, beating all previous records. The score stood at the close: Fitzgerald, 610; Howell, 602; Panchot, 566; Norcross, 642; Herlihy, 539; Vint, 530; Elson, 525.

—A Georgia postmaster has sent to Washington a letter including a circular requesting \$24 for campaign purposes. The circular was shown to Postmaster General Graham, who says he will protect any postmaster who refuses the contribution called for by the circular.

NEW ADVERTISEMENTS.

FOR SALE, PRIVATELY.

I have two good work mules for sale, or will trade for work cattle. Also one fancy livery Mare. 1 Royal, 1 Dray, 1 Pitt and 1 Winter. A Wood Binder. D. W. DENN, Mt. Salem.

MULES!

I wish to sell at private sale 22 head of first-class second-rate Mules. Address me at Lebanon, Ky. 242-31. Mrs. RICHARD M. SPALDING.

Peerless Traction Engine.

NEVER BEATEN IN A TEST.

Five hundred dollars is paid at the Cincinnati Exposition in 1881, the highest award given to an engine. The highest award at the Southern Exposition, Louisville, Ky., in 1881, for the Best Traction and Road Engine, Parties desiring to see the engine, may call at my place, 1000 Main Street, Louisville, Ky. J. H. HUCKER & CO., 136 Main St., Louisville, Ky.

F. M. WARE & CO.,

The Leading House of the West End!

This enterprising firm is now prepared with a full and complete line of everything needed for a bridle and general furnishing

Stanford, Ky., May 6, 1884

Governor McCreary.

Among the resolutions adopted by the Madison county democracy this in regard to Gov. McCreary occurs: "That with pride and pleasure, we, the democracy of Madison county, present to the democracy of this Congressional district our distinguished citizen, Hon. J. B. McCreary, as our candidate for the democratic nomination for Congress. His eminent public services as Representative in the Legislature from this county for three consecutive terms, as Speaker of the House for two terms, and as Governor of the Commonwealth, his stainless character, public and private, his large experience in public affairs and thorough knowledge of the exigencies of the political situation, inspire us with confidence in his full capacity and fitness to discharge the high trust which we would commit to his hands. Not only do our sentiments of personal regard, esteem, and confidence toward our candidate awaken in our hearts a profound interest in his behalf, but also the consideration that his success would reflect an honor upon our county which has not enjoyed for more than thirty years. That we most heartily endorse his candidacy and earnestly recommend him to the democracy of the district as honest, worthy and in every way capable to represent them in the Congress of the United States." Gov. McCreary came in after the adoption of the resolutions and was invited to address the convention, which he did in a handsome manner, returning thanks for the compliment bestowed upon him. His remarks were received with enthusiastic applause.

For Modern Mummies.

"What are the styles in coffins?"

"I can tell you, because we must keep posted in order to know how to trim them, but it is not our trade. The newest thing is the Egyptian casket. It is made of solid rosewood or mahogany and would probably be sold at retail for about \$450. We have one on hand which you may examine if you desire. It was designed, I understand, by an architect. Its peculiarity is that it does not resemble a coffin. There is no bulge in the sides and each of the corners are ornamented with one of the straight, round columns found among the ruins of ancient Egyptian structures. The carving, all of which is done by hand, is also characteristic of the Egyptian architecture. It is modest and elegant throughout.

"See here!" he exclaimed, in a fury, at the last splash, "you're doing that on purpose—I know you are."

"Well, now I am," responded his wife, tranquilly, while winding him up once more. "Don't you remember telling me it's best to get used to things by degrees? I'm afraid if I bring you right up of a sudden you wouldn't find it wholesome!"

The old fellow couldn't help chuckling at the application of his principle, and protested he would take the pledge on that instant if she would lift him fairly out. This she did, and packed him off to take the pledge, wet as he was.

"For, you see," she added, very emphatically, "if you ever fall into the well again I'll leave you there—I will."

A FRENCH YARN ABOUT THE UNITED STATES.

In a murder trial in the States—United a witness is giving his testimony as to the hour of arrival and departure of steamers on which the criminal is believed to have traveled.

"Your Honor," asks one of the jurors, "I desire to ask the witness some questions."

"Very well," says the Judge; "proceed, sir."

"At what time did you say the boat left Chicago for Milwaukee?"

"At 7 o'clock in the evening."

"Sharp? Remember you are upon your oath, now."

"St-up!"

"And you have supper on board?"

"Yes, sir."

"Is it—by virtue of the oath you have just taken—a good square meal?"

"Well, it is pretty fair, as meals go."

"No evasive answer, sir. Your Honor, I desire that the witness be instructed to reply to my questions in a positive and straightforward manner."

"But," says the court, "while I have only desire to elicit the truth, I do not precisely see what bearing the questions you have asked have—"

"It is very important that I should ascertain the truth on this subject, your Honor," says the juror.

"Why?"

"Because I am going to Chicago myself next week, and I think of taking a return ticket by lake."

Oho, the spirit practical of those Americans!—Paris paper.

CHILDHOOD'S innocence. — Somebody gave little Augustus two toys. "I will give this one to my dear little sister," he said, showing the largest. "Because it is the prettiest?" said the delighted mamma. "No," he replied, without hesitation; "because it's broken."

ITALIAN TREATMENT OF BRONCHIAL DISEASES.

The treatment of bronchial diseases by Prof. Mantegazza, an eminent Italian physician, is explained in the *Journal of Chemistry*. Briefly, the professor has found a great advantage from the employment of pulverized or atomized sea-water in cases of chronic non-specific laryngitis, bronchial catarrh from chronic bronchitis, with or without bronchial dilation, the first and second stages of phthisis, catarrhal pneumonia and chronic pneumonia of different forms, accompanied by profuse bronchial expectoration, and various forms of scrofula.

New Haven is said to have 617 more inhabitants than the State of Nevada, with its Representative and two Senators. A Connecticut paper adds that the town of Union, in that State, with 600 persons, sends two Representatives to the Legislature and has as much voice in that body as New Haven, with a population of 70,000.

A Philadelphia baby has won the diamond ring worn and offered by Lucia Zanate, the Mexican midget, to an instant more, the Mexican midget, to an instant more, than one day old whose finger it would fit. The midget is twenty-one years old and the recipient was just twenty-one days, at the time the prize was claimed.

"So you're engaged to Dr. B.? It must be very nice to be engaged to a doctor. Every time he calls, you know—and of course that must be very often—you feel as if you were getting for nothing what everybody else would have to pay \$3 for."

The famous Dutch Gap canal is five miles below Richmond, and saves about seven miles of navigation. When Gen. Butler ceased working upon it the depth was only five or six feet. It is now 15 feet at low tide.

REFORMED IN A WELL.

Somewhere in New Jersey lives a farmer of such social habits that his coming home intoxicated was once an unusual thing. His wife urged him in vain to take the pledge.

"Why, you see," he would say, "I'll take it after a while, but I don't like to break off at once. The best way is to get used to things by degrees, you know."

"Very well, old man," his helpmeet would rejoin; "see, now, if you don't fall into a hole one of these days, when you can't take care of yourself, and nobody near to help you out."

Sure enough, as if to verify the prophecy, as he returned home drunk the next day, he fell into a shallow well, and, after a great deal of useless scrambling, he shouted for the "light of his eyes" to come up and help him out.

"Didn't I tell you so?" said the good soul, showing her cap-frill over the edge of the parapet; "you've got into a hole at last, and it's lucky I'm in hearing or you might have been drowned. Well, she continued after a pause, letting down the bucket, "take hold."

And up he came, higher at each turn of the windlass, until the old lady's grasp slipping from the handle, down he went to the bottom again. This, occurring more than once, caused the tempestuous occupant of the well to become suspicious.

"See here!" he exclaimed, in a fury, at the last splash, "you're doing that on purpose—I know you are."

"Well, now I am," responded his wife, tranquilly, while winding him up once more. "Don't you remember telling me it's best to get used to things by degrees? I'm afraid if I bring you right up of a sudden you wouldn't find it wholesome!"
